## Angebot Nr. 151

We thank you for your interest in our product and services!  
Hereby is the quotation for the requested products:

Pos	Artikel	Text	Menge	Einzelpreis EUR	Rabatt %	Gesamtpreis EUR
1	WA10008E	AdvanClean 3S 1200 E Description  Fully automatic 2-Stage RO EDI water purification system with concentrate treatment for saving water Flowrate of RO-EDI system: 1200L/h at 15oC. Dimensions (WxDxH): 2000x800x1700 mm  Features - Fully automatic system - Redundant controller for uninterrupted operation even in case of hardware failure - Conductivity, Pure water: 0.1 – 1.0 uS/cm - Total recovery: up to 87.5%, adjustable - RO salt rejection rate (Stage 1): 98% - Power supply: 400VAC / 50 Hz  Controller - Adjustable limits for operational values - History graph for operational values - Industrial communication protocols for data exchange - Remote access - Intuitive and simple user interface - Alarm report and status report with history graph in a PDF file - Data logging  - Real time monitoring of distribution loop (Conductivity, Flow, Temperature, Pressure) - Rinse of distribution loop (Based on	1 Stück	44.500,00		44.500,00
