N

The figure is a detailed topographic map extract from Luxembourg's cadastral and topographical administration. It shows a section of the Colmar-Berg commune, specifically the 'B de Berg' section. The map features contour lines indicating elevation, with various spot heights labeled throughout. Key geographical features include several hills or knolls named 'Hirzfouss', 'Friedbësch', 'Roudekapp', 'Haardstouss', 'Bambëschen', 'Deelchen', 'Biergerhaard', and 'Blisserbësch'. A prominent road network is shown, including a main road running horizontally across the upper part and several smaller paths or tracks. A small blue pond is visible near the top left. A red circle with a crosshair is drawn over a hillside area between 'Friedbësch' and 'Roudekapp', likely marking a specific point of interest or survey station. The map also includes administrative information at the top, such as the issuing authority, date, and scale.
