

The aerial map shows a site with several distinct zones and points of interest. A red boundary line outlines the main site area. A yellow-green buffer zone is located along the top-left boundary. The site is divided into several areas with different textures: a green patterned area (PO_2), a yellow solid area (PO_5), a light green patterned area (PO_3), and a light yellow patterned area (PO_4). A small yellow-green area is also visible near the top-right. Seven points of interest are marked with pink star symbols: PO_1 (top-left), PO_2 (center), PO_3 (bottom-center), PO_4 (bottom-right), PO_5 (center-right), PO_6 (top-right), and PO_7 (bottom-right). The surrounding area includes a parking lot with several cars, a road with a roundabout, and some buildings.

Planungssituation

The map shows a large, irregularly shaped site outlined in red. The site is divided into several areas with different patterns and colors:

- PO_101**: A large, light gray hatched area in the center.
- PO_102**: A small, light gray hatched area in the upper right.
- PO_103**: A small, light gray hatched area in the upper right.
- PO_104**: A small, light gray hatched area in the lower left.
- PO_105**: A small, light gray hatched area in the upper right.
- PO_106**: A small, light gray hatched area in the upper right.
- PO_107**: A large, light gray hatched area in the center.
- PO_108**: A large, dark gray area in the lower right.
- PO_109**: A small, light gray hatched area in the lower left.
- PO_110**: A small, light gray hatched area in the lower right.
- PO_111**: A small, light gray hatched area in the upper right.
- PO_112**: A small, light gray hatched area in the lower right.
- PO_113**: A small, light gray hatched area in the upper right.
- PO_114**: A small, light gray hatched area in the lower right.
- PO_115**: A small, light gray hatched area in the lower left.
- PO_116**: A small, light gray hatched area in the lower right.
- PO_117**: A small, light gray hatched area in the lower right.
- PO_118**: A small, light gray hatched area in the lower right.
- PO_119**: A small, light gray hatched area in the upper right.
- PT_101**: A small, green hatched area in the lower left.
- PT_102**: A small, green hatched area in the lower left.
- PT_103**: A small, green hatched area in the lower left.
- PT_104**: A small, green hatched area in the upper left.

The site is surrounded by a road network, including a roundabout at the top right and a road at the bottom. The surrounding area includes a parking lot with several cars, a grassy area, and some buildings.
